Motif

Lance Naik Albert Ekka

He was born 152 km away from the Capital of Jharkhand, Ranchi in the village of Dumri block of Gumla district in 1942. It was a time when violent and non-violent movements were rife all over the country for independence.

Albert hated working as 'Dhangar'. He joined the army and fought bravely in the China-Indian war of 1962. For his bravery he was promoted to Lance-Naik.

During this war Lance Naik Albert Ekka always gave a message of heroism, of discipline, of patriotism and unmatched bravery. His gallantry and sacrifice are considered an epitome of the traditional bravery of Indian Soldiers, In fact, such a brave son is the pride of our motherland.

FOREWORD

. The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)-Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Sh. Sunil Kumar Baranwal, Director of Census Operation, Jharkhand. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

Preface

The history of the publication of District Census Handbooks goes back to the 1951 Census and since then these are printed after every Census because of their wide ranging utility. Census after Census much innovations/modifications have taken place in the District Census Handbooks in terms of coverage and contents of population data. This is the very useful and valuable district level publication brought out by the Census Organisation on behalf of the State Government. It, inter-alia, provides data/information on some of the basic demographic and socio-economic characteristics and availability of certain important civic amenities/facilities in each village and town of the respective districts. This publication has, proved to be of immense utility to the planners, administrators, academicians and researchers. It is hoped that this publication will serve the purpose of the ever increasing demand for the micro-level data in this era for planning development.

The present volume of the District Census Handbook Part –A (village and town directories amenities) and Part-B (Primary Census Abstract) of 2011 Census has been made more informative and exhaustive in terms of coverage and content. The content of Village Directory has been broadened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafe/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA/SAHIYA in Jharkhand, Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census. The various basic amenities available in the villages and towns are analysed in depth with the help of a number of cross-classified inset tables and statements.

It is worthwhile to mention that the District Census Handbooks of the Census of India, 2011 are being made available in electronic format also in addition to printed volumes keeping in view the demand of data users.

The District Census Handbooks are brought out in two parts, viz. (i) part A containing the village and town directories and (ii) part B – village and town-wise primary Census Abstracts pertaining to general population. It also contains the District Primary Census Abstracts for Scheduled Castes and the Scheduled Tribes Population.

The village and town level amenity data have been collected through the Block Development Officers and the Vice Chairmen/Executive Officers of the Municipalities and Notified Area Committees who functioned as Charge Officer under the District/Sub-divisional level Officers.

The analytical note has been prepared on the basis of the inset tables generated from the computerized data of Village Directory, Town Directory and Village/Urban Primary Census Abstract. It takes note of the social, economic and demographic changes which have taken place in the districts during the decade. District and C.D. Block Maps containing useful information on many items have also been included in this volume.

This publication is a joint venture of the State Government and the Census organisation. We are grateful to the State Government agencies for their co-operation in collection of such a huge volume of data. We would like to make a special mention of the warm and whole hearted co-operation which was throughout extended by the Deputy Commissioner, the Sub-divisional Officers, the District Census Officers and the Block Development Officers.

In this office Shri Subhash Chandra Tripathi, Joint Director, Shri Priyatosh Amist, Deputy Director, Shri Dinesh Kumar, Deputy Director, Dr. Satyendra Kumar Gupta, Assistant Director, Dr. Bhim Raj Hansdah, Assistant Director and Shri Sant Ram, Assistant Director supervised the project at different stages. In this voluminous job valuable assistance was rendered by Shri Pradeep Kumar, Ram Bhaskar Dwivedi, Manoj Kumar and Birendra Prasad Singh, Statistical Investigators Grade-II, who were responsible for supervision from beginning to end under guidance of Shri Sant Ram, Assistant Director. Dr. Bhim Raj Hansdah, Assistant Director has also been associated to monitor the digitization, scrutiny and validity work of Village Directory and Town Directory data. Shri Pradeep Kumar, Ram Bhaskar Dwivedi, Manoj Kumar and Birendra Prasad Singh, Statistical Investigators Grade-II, prepared the analytical notes on inset tables based on the data of Village Directory, Town Directory and Primary Census Abstracts under the guidance of Shri Priyatosh Amist, Deputy Director, Dr. Satyendra Kumar Gupta, Assistant Director, Dr. Bhim Raj Hansdah, Assistant Director and Shri Sant Ram, Assistant Director as teams were formed for validity and final preparation of District Census Hand Book of Census of India 2011 and over all monitoring work was under the guidance of Shri Priyatosh Amist, Deputy Director under the supervision of Dr. Prathiba Kumari, Assistant Registrar General (SS), India. Districts and C.D. Blocks Maps were prepared in Map Section under the supervision of Sri Mukut Guria Research officer (Map) with help of Sri Jitendra Saini, Geographer and Sri Indra Kant Mishra Sr. Drawing Assistant. Sri Niraj Kumar Sahu and Sri Tanwir Anjum, Compilers typed the manuscript and prepared the tables.

Printing In-charge of RGI and DCO helped in getting the volume printed in-house.

This Directorate is highly indebted to Sri C. Chandramouli, Registrar General and Census Commissioner, India under whose guidance it has been rare privilege to strive for results. We are equally indebted to Dr. Prathiba Kumari, Assistant Registrar General (SS) for spontaneous help and encouragement at different stages of the work of this project with guidance. We are also thankful to Sri M.S. Thapa, Additional. Director, Sri A.K. Arora, Joint Director and Sri Ramesh Kumar, Deputy Director of EDP Division, who scrutinized the manuscript and database of PCA data as well as village and town directory and guided for release of DCHB Part-A & B in electronic form.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its

coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i)-Status and Growth History of towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief History of the District

Consequent upon the creation of Jharkhand state on 15th November, 2000, Ranchi got the privilege of becoming the capital of the state. As a result of which the destiny of the district of Ranchi changed drastically and all round development started to take place. Once upon a time Ranchi also used to be the summer capital of erstwhile Bihar state.

The district of Ranchi is one of the units comprising the south Chotanagpur division and forms the central part of it. The jurisdiction of the district has undergone many changes during the last two decades because of creation of new districts such as Loardaga, Gumla and recently Simdega bifurcating old Ranchi district. The district is bounded on the north by Ramgarh district, on the south by the district of Khunti, on the east by Purulia district in West Bengal and Saraikela-Kharsawan district and on the west by the districts of Gumla, Lohardaga and Latehar. The district of Ranchi at present consists of 2 subdivisions viz., Ranchi & Bundu and 18 Community Development Blocks, viz., Burmu, Mandar, Chanho, Bero, Lapung, Ratu, Namkum, Kanke, Ormanjhi, Angara, Khelari, Nagri, Itki, Silli, Rahe, Sonahatu, Tamar-I, Bundu. Presently there are 15 towns in the district. Ranchi (M. Corp.) is the principal town and the headquarters of the district as also of the South Chotanagpur division as well as Jharkhand state. Among the 24 districts of the state it occupies first position with respect to population and fourth position with respect to area. Two districts, viz., Lohardaga with the jurisdiction covering an area of 1,491 square kilometers and Gumla with the jurisdiction of Gumla (including Simdega) covering an area of 9077 square kilometers had been created out of old Ranchi district vide notification No.7/Vh-1-204/83 dk 155 ft0iq0 dated 16.5.1983 and 7/Vh-1-205/83 dk 156 ft0iq0 dated 16.5.1983 respectively.

Early history

Earlier the name of the district was Lohardaga as seat of the district was at Lohardaga. The old district had come into existence after the creation of the non-regulation of south-west frontier as a result of the Kolup rising in 1831-32. The name of the district was changed in 1899 from Lohardaga to Ranchi as a sequel to change in headquarters, after the name of a small village now comprised within the headquarters station.

In ancient times the tract which corresponds to the district of Ranchi and the neighbouring parganas was in the undisturbed possession of the Munda and Oraon tribes and was known to Aryans as Jharkhand or the 'forest territory'. The entire tract was presumably beyond the pale of the direct Hindu influence in ancient India. However, Jarasandh, the mighty emperor of Rajgriha in the Mahabharat period might have exercised some kind of loose supervision over the area. Similarly, Mahapadmanad Ugrasen of Magadh, who

subdued the entire country upto Orissa might have gained some control over Jharkhand as well. Possibly, the area was included in the Magadh Empire during the reign of Ashoka (273-232 B.C.). With the decline of Mauryan power, king Kharavela of Kalinga led an army through Jharkhand and ransacked Rajgriha and Patliputra. Later, Samudra Gupta (335-380 A.D.) must have passed through the area on his expedition to the Deccan. The Chinese traveler Hiuen-Tsang is believed to have journeyed through the Chotanagpur plateau in course of his travels to Nalanda and Bodh Gaya.

The Chotanagpur Raj is believed to have been set up in fifth century A.D. after the fall of the imperial Guptas. Phanimukut was elected the first king. It is said that he was found by the side of a tank under the protection of a Nag (Snake). Hence the dynasty founded by him was named the Naga Dynasty.

Muslim period

The Chotanagpur plateau was referred to as Jharkhand by the Muhammedan historians. Throughout the Turko-Afghan period (upto 1526), the area remained virtually free from external influence. It is only with the accession of Akbar to the throne of Delhi in 1556 that Muslim influence penetrated into Jharkhand, then known to the Mughals as Kokrah. In 1585, Akbar sent a force under the command of Shahabaz Khan to reduce the Raja of Chotanagpur to the position of a tributary. Kokrah was included in the subah of Bihar, as mentioned in the Ain-I-Akbari.

After the death of Akbar in 1605 the area presumably regained its independence. This necessitated an expedition in 1616 by Ibrahim Khan Fateh Jang, Governor of Bihar and brother of Queen Noorjahan, Ibrahim Khan defeated and captured Durjan Sal, the 46th Raja of Chotanagpur. He was later released by the Emperor and allowed to resume his previous position as an independent chief. After that the relations between the Moghul Emperors and the Kokra Chiefs continued to be somewhat friendly and peacefully. A stipulated tribute of Rs.6,000/- was regularly paid.

In 1632 Chotanagpur was given as Jagair to the Governor at Patna for annual payment of Rs.1,36,000.00. During the reign of Muhammed Shah (1719-1748), Sar Balland Khan, the Governor of Bihar, marched against the Raja of Chotanagpur and forced his submission. Another expedition was led by Fakhruddoula, Governor of Bihar in 1731. He came to terms with the Raja of Ramgarh who owed allegiance to the Raja of Chotanagpur. The district seems to have enjoyed almost an unbroken peace from 1624 when Durjan Sal was released till the appearance of the British in 1772.

British rule

The Diwani of Bengal, Bihar and Orissa was granted by Emperor Shah Alam-II to the East India Company in 1765. This *Diwani* included Chotanagpur

as a part of Bihar. The internecine quarrels led to depredations of the Raja of Gidhaur. The Raja of Ramgarh and the rival claim between Gopal Rai and Chitrajit Rai for the Kingdom of Palamu led the British take an active interest in the area. In 1771 captain Camac attacked Palamu and put Chitrajit Rai as the Raja. The history of Ranchi, for sometime thereafter, is interlinked with the history of Palamu, Hazaribag and Singhbhum.

During the operations of Captain Camac against the Raja of Palamu Dhupnath Shahi, Raja of Chotanagpur rendered useful service to British. He acknowledged the authority of the company and offered to pay an annual tribute of Rs.12,000 instead of Rs. 6,000 fixed under the Muslim rule. However, arrears in payment resulted in an expedition against him in 1773, as a result of which an agreement was reached stipulating enhanced payment of Rs.15,000 per year. The Raja was allowed to retain his hold on the internal administration.

Captain Camac was succeeded in 1780 by Chapman, the first Civilian administrator of Chotanagpur. The so-called "conquered provinces", were formed into a district under the name of the Ramgarh Hill Tract in 1780 which lasted till 1863. The district of Ranchi was not directly included in this unit but was added under the designation of Tributary Mahal of Chotanagpur. Chapman was at the same time the judge and the Magistrate and Collector of the district. There was an *Adivasi* insurrection at Tamar in 1789 which could be quelled only by the use of force. Sporadic disturbances continued for six years more.

Disputes between the Raja and his brothers led to further disturbance in 1807-1808. A force was sent under Major Roughsedge. The *Diwan* of the Raja who was primarily responsible for the trouble, was apprehended and jailed. The Raja paid up arrears of revenue and settled disputes with his brothers. Six police *thanas* were also set up in 1809, marking the beginning of an end of the feudal authority of the *Raja*. This also marked the induction of non-tribal revenue collecting agents who latter oppressed the aboriginal tenants.

The discontent among the tribal population evidenced in the earlier insurrections, found an outlet in the Kol insurrections of 1831-32. The immediate cause for it was the humiliation caused to Mundas by the Sikh and Muslim *Thikadars* (intermediaries in revenue collection). The Mundas got together in Laukha village near Tamar and plundered and destroyed many villages held in farm by Sikh and Muslim *Thikadars*. They were overpowered by the forces led by captain Wilkinson in 1832.

Ranchi has attracted many Christian missions which have contributed much to the growth of education in the district. The earliest Christians missionaries reached the district in 1845 and the first conversions of the tribal population to Christianity took place in 1850.

1857 Movement

The 7th and 8th native companies of the Ramgarh Battalion stationed at Hazaribag rose in revolt on the 30th July. When news of this reached Col. Dalton (who was then the Commissioner of Ranchi), he sent Lt. Graham with two companies of the Ramgarh Light Infantry, thirty horsemen and two guns to disarm the regiment at Hazaribag. This force left Ranchi on the 1st August. Meanwhile, the insurgents at Hazaribag started marching to Ranchi by the road via Badam. Getting news of this, the infantry with Lt. Graham also rose against British authority and commenced their return journey to Ranchi. Lt. Graham proceeded to Hazaribag with the cavalry which remained loyal to him and reached there on the 2nd August. The deserters from Lt. Graham's contingent returned to the army station at Doranda and successfully exhorted the Sepoys to rise against British authority. In view of this, Col. Alton left Ranchi for Hazaribag.

The insurgent troops at Doranda burnt the offices and courts of the district office and some bungalows and set free the prisoners in jail. They expected the insurgents from Hazaribag to join them but when the latter did not reach Doranda, they set out in the third week of September to join Babu Kuer Singh in Shahabad. They were attacked and defeated on the 2nd October, 1857 at Chatra under a British force commanded by Major English. Meanwhile Col. Dalton returned to Ranchi on 22nd September with a contingent of force. The courts were reopened and peace and order restored.

The infiltration of the British in the political horizon of Chotanagpur also synchronized with a great socio-economic revolution. Agrarian discontent against the imposition of *begari* (forced labour) and illegal enhancement of rent by the intermediaries resulted in the Sardari agitation, so called due to the instigation and leadership provided by the Sardars. By 1887 the movement had grown and many Mundas and Oraon cultivators refused to pay rent to the landlords. The Sardari agitation (or Larai as it was called) was at its height in 1895 when a socio-religious leader named Birsa Munda appeared on the scene. The importance of his role in the social history of Ranchi is borne out by the application of Birsa *Bhagwan* given to him.

The movement led by Birsa Munda was half agrarian and half religious. It had a direct connection with agrarian unrest and also appeared to have been influenced by Christian ideas. Birsa Munda was an apostate from Christianity. His teaching was partly spiritual, partly revolutionary. He proclaimed that the land belonged to the people who had reclaimed it from forests, and therefore, no rent should be paid for it. He asserted that he was the Messiah and claimed divine powers of healing.

Birsa's crusade brought about an armed rising of the deluded peasantry which was quickly suppressed. Birsa died in the jail in 1900.

A religious movement among the oraons was initiated by Jatra Oraon of Bishunpur police station in 1914. The Tana Bhagat movement, as it was called, also had its genesis in agrarian issues and particularly the economic disparity between Christian converts and the traditional or Sansari Oraons. The non-cooperation movement launched by Jatra Oraon and his associates soon spread even to Palamu and Hazaribag.

The district played an important role in the national freedom movement. Under the guidance of Ganesh Chandra Ghosh Ranchi became an important centre for the follower's of Revolutionary Party. Ranchi was the venue of a meeting between Mahatma Gandhi and Sir Edward Albert Gait, Lieutenant Governor of Bihar and Orissa on 4th June and again on 22nd Sept. 1917 in the context of the Champaran Indigo planters repressive measures against the raiyats of that district. The Champaran agrarian law was subsequently passed under the name of Bihar and Orissa Act-I of 1918.

The non-cooperation movement in Ranchi district followed the pattern as elsewhere in India. The movement caught the imagination of the people particularly the Tana Bhagats and a large number of them attended the Gaya session of the Congress in December 1922 which was presided over by Deshbandhu Chittranjan Das. These Tana Bhagats returned home deeply impressed with the message of freedom movement. Barefooted they used to trek over long distances with congress flags in their hands and they carried the message to the masses in the interior. They attended the meetings organized by the non-cooperation workers.

On 5th October, 1926, a khadi exhibition was opened at Ranchi in presence of Sri Rajendra Prasad in the local Arya Samaj Hall. The Tana Bhagats also attended it. This was a part of the constructive programme launched by Mahatma Gandhi after he had suspended the non-cooperation movement in 1922. The Simon Commission was boycotted in 1927. On 4th April, 1930, Tarun Singh (Youth league) of Ranchi organized a meeting in the local municipal park which was attended by a large number of students from different educational institutions. The leaders appealed to them to join the Civil Disobedience Movement.

The Salt Satyagrah which was launched at the behest of Mahatma Gandhi, received great response in Ranchi district. In the wake of the quit India Revolution of 1942 the arrest of national leaders led to strikes, processions, demonstrations and also disruption of the lines of communications. The district took an active part in the subsequent events which led to country's independence in 1947.

Administrative Setup

The Census of India 2011 Jharkhand state was undertaken on the basis of 24 districts and 5 divisions of the state. Ranchi, Capital of Jharkhand state, is located at 23.35°N latitude and 85.23°E longitude with total areas of 4962.82 sq. km. and third rank in comparison to other districts in terms of area in state, is divided into Ranchi and Bundu subdivisions and each subdivision is further divided into blocks, panchayats and villages. It consists of 18 C.D. Blocks and 303 panchayats. Under Ranchi Sub-Division, there are 14 C.D. Blocks and Bundu Sub-Division consists of 4 C.D. Blocks. It has also 15 towns (2 statutory and 13 Census Towns) as detailed below:

Subdivisions:	1. Ranchi 2. Bundu
C.D. Blocks under Ranchi Subdivision:	1. Kanke 2. Ratu 3. Chanhoo 4. Mandar 5. Lapung 6. Burmu 7. Bero 8. Namkum 9. Ormanjhi 10. Angara 11. Silli 12. Khelari 13. Nagri 14. Itki
C.D. Blocks under Bundu Subdivision	1. Rahe 2. Bundu 3. Sonahatu 4. Tamar I
Statutory Towns:	a) Kanke C.D. Block-Ranchi (M. Corp.) b) Bundu C.D. Block-Bundu Panchayat)
(Nagar	
Census Towns:	KHELARI C.D. Block-
BISHRAMPUR	KHELARI C.D. Block - CHURI KHELARI C.D. Block - RAY KHELARI C.D. Block - KHELARI Kanke C.D. Block- KANKE

Kanke C.D. Block ARSANDE
Ormanjhi C.D. Block-Irba
Silli C.D. Block-Muri
Namkum C.D. Block-Tati
Namkum C.D. Block-Ara
Namkum C.D. Block-Bargarwa
Ratu C.D. Block-Ratu
Nagri C.D. Block-Tundul

The district administration is looked after by Deputy Commissioner (D.C.) who belongs to I.A.S. cadre. The D.C. is in charge of the civil revenue and criminal administration of the district. He is also the chief pilot of all development and welfare activities in the district. The commissioner, South Chotanagpur division having his headquarters at Ranchi, exercises general supervision and control over him. He is assisted by a number of experienced officers recruited through Jharkhand Public Service Commission. The Sub-divisional Magistrates assists him at the subdivision level and the C.D. Block level he is assisted by Block Development Officers and Circle Officers. These officers are also assisted by a good number of subordinate officers and staff. Police administration is looked after by Superintendent of Police (S.P.). He has his headquarters at Ranchi and works under the Deputy Inspector General of Police. He is assisted by a number of Deputy or Assistant Superintendents of Police, Police Inspectors, Sergeant Majors, etc. There is also elaborate system of judiciary at district level. As the seat of district is state capital the High Court is also functioning there.

There are altogether 1311 villages in the district.

The district is bounded on the north by Ramgarh district, on the south by the district of Khunti, on the east by Purulia district of West Bengal and Saraikela-Kharsawan district and on the west by the districts of Gumla, Lohardaga and Latehar.

District Highlights – 2011 Census

- Ranchi ranks 1st in terms of population (29,14,253) and 3rd in terms of area (5097 sq.km.) in the state of Jharkhand.
- In terms of population per sq.km. Ranchi is the 7th densely populated district in the state with 572 persons per sq.km as against the state's 414.
- Ranchi ranks 14th in terms of sex-ratio (949) against the state's 949.
- There are 15 uninhabited villages (out of 1,311 total villages) in the district of Ranchi.
- Tamar (under Tamar I C.D. Block) is the most populated village (12,345) and Gobindpur (under Burmu C.D. Block) is the least populated village (25) in the district.
- The economy of the district mainly depends on cultivation or related work. More than 51% of the total workers are engaged in Primary sector.
- C.D. Block Tamar I has the highest number of villages (129) in the district and C.D. Block Khelari has the lowest number of villages (14).
- Ulatu (under Namkum C.D. Block) has the largest area (4,576.89 hectare) and Gilutikar (under Bundu C.D. Block) has the smallest area (21 hectare) among the villages in the district.
- 38.32 %, 30.10 % and 15.24% of Households of main source of drinking water are from uncovered- well, handpump and tapwater treated sources respectively of the villages.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was

enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 alongwith a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their States/UTs. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the

existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is an important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract - District / C.D. Block / Town.
2. Primary Census Abstract for Scheduled Castes - District / C.D. Block / Town.
3. Primary Census Abstract for Scheduled Tribes - District / C.D. Block / Town.
4. Village Primary Census Abstract - C.D. Block / Village wise.
5. Urban Primary Census Abstract - Town / Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract
